Captains:
Please pass this along to your teams:

Unfortunately, due to the heavy rain yesterday and last night the fields are unplayable this week (Sept 27 - Week 4) due to standing water on the field. The County is prohibiting the use of any of their fields today to prevent damage.

This Weeks games will be made up at the end of the season on Nov 8 following the same field and game time assignments from today. The website schedule reflects these changes.

Please follow the Week 5 schedule next week.

Union Jacks and Caddies will still be offering the food and Miller Lite drink specials today for SSB members.

If you need to swap

Thanks,
--
